

**Bread Baking:** In this class you will learn how to make and maintain a sourdough starter as well as introductory principles of bread baking. You will go home with your own sourdough starter which can be used to bake bread the next day.

**Canning:** In this class you will learn practical tips for home canning through the basics of water bath canning. You will go home with a jar of jam which was made in class.

**Gardening:** In this class you will learn a cost effective, easily adaptable, beginner friendly method of winter sowing. You will go home with a small start for your spring garden.

**Crochet:** In this class you will be introduced to the foundational basics of crochet. You will go home with materials to begin your own project!

**Sewing:** In this class you will learn how to sew on a button and how to read confusing sewing terms you will find on patterns. You will go home with a packet reviewing what we have learned so you can apply it at home.

**Meal Planning:** Do you ever feel frustrated deciding what to cook for dinner? Struggling to plan menus and tackle grocery shopping with intention? Discover practical tools and how to streamline meal planning, simplify grocery shopping, and create a consistent, meaningful routine around your dinner table. Let's make dinner less of a chore and more of a cherished tradition!

**Budgeting:** In this class you will learn about biblical budgeting principles and financial basics. You will go home with some hands-on budgeting tools.

**Cleaning Routines:** In this class you will learn about a fun way to structure and organize your cleaning routines. You will go home with a hands-on method of organizing your own routine.

**Intentional Parenting:** This class will introduce intentional parenting and offer a contrast between intentional and quick-fix parenting styles.
